Included is 80 hours of group lessons. This is more than enough time to acquire the skills necessary to communicate effectively in Italian or to vastly improve upon your current knowledge.

Housing is provided in apartments within a manageable distance of the school.

## Second 4 weeks in FLORENCE: *TESOL Certificate Course*

Now that you can “talk the talk,” it’s time to become qualified to seek employment as an English teacher in Italy or anywhere else in the world you desire!

Our trainers will instruct you on lesson planning, classroom management, blackboard management, creative activities, communication skills, grammar and phonology.

They will illustrate for you the most effective methods for communicating with all levels of non-English speakers, while transforming you into a confident, effective teacher.

Several housing options can be arranged depending on your preferences.
