Mobile phone : **01-692-4459** E-mail address : -

Please specify any previous experience regarding international affairs :

**Previous coordinator of Foreign English teachers.**

## Community Information

Location : **Eastern Region**

Specific features of the community and region :

**Chachoengsao is located about 80 km. from Bangkok. Ours is a rich and peaceful town. Although we are located within 1 to 2 hours drive from Bangkok, our community is more quiet in comparison. At our school, one can experience traditional Thai lifestyles and still be close enough to the city to get away for a change of scenery when it's needed. There is frequent and convenient transportation to Bangkok and other parts of Thailand, such as the nearby beaches of Chonburi. It is a small community compared to nearby Bangkok. Most people are agriculturalists and Buddhist.**

Please see the following link for more information on Chachoengsao province:

[www.thailandguidebook.com/provinces/chachoengsao.html](http://www.thailandguidebook.com/provinces/chachoengsao.html)

Population (approximately) : **35,000**

The nearest railroad station : **Chachoengsao railway station**

The nearest airport : **Don Muang Intl. Airport**

The nearest bus station : **Chachoengsao bus station**

Estimate travel time from the school to Central city : **10 minutes**

Type of Public transportation in your community : **Bus, mini-bus, motorcycle**

## School Appearance

Our school is a large 5-story building of complex classrooms, offices, an auditorium, and recreation areas for the students. There is a large cafeteria with a big selection of Thai food available at very reasonable rates. In the front of the school is a playground, and at the rear of the school is a football field. There are also facilities for basketball and volleyball.

Classrooms are large enough to hold as many as 50 students at a time. Larger classes are usually broken up into groups for easier management. There is a good library and 3 different computer rooms with about 50 computers. The internet is used as a teaching tool and as a teacher resource. Our school has a very supportive and friendly management and teaching staff.

There are a wide range of activities for students. We have an active music and drama program, with regular performances by the students. Costumes, instruments, and other resources are readily available.
