

# ESOL Schools Recruitment Fair

*Organised by Teachanywhere.com*

Saturday 26 January and Sunday 27 January 2008

London, UK

Education Services Overseas Limited ( ESOL ) is a well-respected and growing schools group with private international schools located throughout the Middle East. The schools serve mainly an expatriate population, and use UK, American and/or International Baccalaureate curricula. Teachanywhere.com has placed teachers into ESOL schools for 2 years, and the feedback from the teachers we have placed has been very good. We are proud to have been selected as the preferred recruitment partner for ESOL for the 2008/9 school year.

The Recruitment Fair in London will allow Head Teachers and representatives from all of the ESOL schools to run an Information Session and to personally interview candidates for September 2008 positions. Candidates who are invited to the Recruitment Fair can interview with one or several schools for which there is a matching vacancy.
